FLORAL COLLECTION

The Floral tableware collection was launched in 2008 and consists of a variety of patterns designed to mix & match and create a unique interplay through the applied artwork. The patterns feature colourful large and small flowers, birds and golden details on all items. The Floral tableware collection has been expanded over the years to meet market demand and, of course, in keeping with developments at the studio.

The collection contains three colour groups: pink, khaki and blue, which can be combined endlessly. The Floral tableware collection also includes kitchen and table linens, as well as glassware.

ROYAL COLLECTION

The Royal tableware collection was launched in 2014,
featuring unique shapes and delicate porcelain.
The pieces include elements from historic tableware
– vintage flowers, blue painted blossoms, branches and golden details –
that adorn the artwork in keeping with the shapes and use of the items.
Modern print techniques have been used to bring together old and
new in this collection.
After a visit to the Rijksmuseum in Amsterdam, the finishing touches
were put on the artwork and the result is abundantly clear: these are
new old classics! Royal tableware goes together beautifully
with Royal White tableware.

The Royal tableware collection also includes kitchen and table linens,
as well as glassware.

ROYAL WHITE COLLECTION

The Royal White tableware collection is the response to a desire to create a more serene edition of Royal tableware. Made of the same delicate porcelain, the collection was launched in 2015 and its artwork consists exclusively of serene white porcelain with blue and golden floral scenes, alternating with golden graphic elements, all of which are also found in the Royal tableware collection.

Royal White tableware is therefore the perfect match for the original Royal tableware collection and also includes kitchen and table linens and glassware.

FANTASY BLOOMINGTALES

Floral Fantasy Bloomingtales tableware is a temporary collection. This tableware is adorned with two patterns that are applied to the various items: the Floral Fantasy design with large Asian flowers and small stylised insects, and the Bloomingtales design, a repetitive fan-shaped pattern inspired by peacock tails with small golden and coloured dots. The tableware features two colour groups: blue/khaki and white/pink, with the addition of a number of products in the trend colour yellow.

The Floral Fantasy Bloomingtales tableware collection also includes kitchen and table linens.
