BLUSHING BIRDS COLLECTION

East meets West in this new collection.

We are inspired by the landscape and craftmanship present in both areas. Influences from each culture create exciting new contrasts and wonderful blends in this design. Tropical birds and other exotic species are combined with classic and Pip's fantasy flowers. The unique combination of porcelain and wood structures go together beautifully on every table.

The Blushing Birds collection consists of tableware, kitchen- and table textiles as well as home accessories.
Available in four colour groups; blue, white, and the newly added colours khaki and red which can all be easily combined.

SEASONAL
ROYAL CHRISTMAS COLLECTION

Ensure that this year's Christmas dinner is one to remember
with the Royal Christmas collection.

A limited collection which is the response to a desire to create
a high class and elegant Christmas tableware line, perfect for
a sweet or savoury brunch as well as an elaborate dinner
surrounded by friends and family.
All items are made of the same delicate porcelain as
the Royal and Royal White tableware ranges and can also
be combined endlessly with these two existing ranges.
Star shape bowls with golden star patterns and sophisticated
elements as a Christmas ball, Christmas tree and reindeer
are completing this line.

Royal Christmas tableware also includes glassware with golden
star patterns and matching napkins to complete the table setting.
Without forgetting our newly introduced golden cutlery which
perfectly complements this porcelain collection.

ROYAL WHITE COLLECTION

The Royal White tableware collection is the response to a desire to honor our Dutch origin and create a more serene edition of Royal tableware. Made of the same delicate porcelain its artwork consists exclusively of serene white porcelain with blue and golden floral scenes, alternating with golden graphic elements, all of which are also found in the Royal tableware collection.

Royal White tableware is therefore the perfect match for the original Royal tableware collection and also includes kitchen- and table textiles and glassware.

ROYAL COLLECTION

The Royal tableware collection features unique shapes and delicate porcelain. The pieces include elements from historic tableware – vintage flowers, blue painted blossoms, branches and golden details – that adorn the artwork in keeping with the shapes and use of the items. Modern print techniques have been used to bring together old and new in this collection.

After a visit to the Rijksmuseum in Amsterdam, the finishing touches were put on the artwork and the result is abundantly clear: these are new old classics! Royal tableware goes together beautifully with Royal White tableware.

The Royal tableware collection also includes kitchen- and table linens and glassware.

FLORAL COLLECTION

The Floral tableware collection consists of a variety of patterns designed to mix & match, and create a unique interplay through the applied artwork.

The collection contains three colour groups: pink, khaki and blue, and they can be combined endlessly within the colour group and between the colour groups. The Floral tableware includes a range of kitchen- and table textiles, glassware and a cutlery.

The Floral collection also includes a range of cushions and vases.

PIP STUDIO
AMSTERDAM

GUIDELINES

To enjoy your Pip Studio products till the end of times, we recommend the following Care and Use Guidelines:

TABLEWARE

- Material: A-grade white porcelain;
- 100% food-safe;
- Not dishwasher- and microwave-safe due to the golden decorations;
- Always wash any new purchases before first use, in a mild solution of liquid detergent;
- Use liquid detergent;
- For tea/coffee stains, use a specialized stain remover;
- Use only a soft sponge - metal or abrasive scouring pads can scratch the surface or leave permanent marks;
- Plates can scratch one another, so do not put too many in a sink at one time;
- Don't use abrasive detergents.

GLASSWARE

- 100% food-safe;
- Not dishwasher-safe due to the golden decorations, hand wash only in warm water.
- Do not rub design abrasively;
- No soaking in water;
- Don't use abrasive detergents.

CUTLERY

- The stainless steel part quality is 18/10, meaning it contains 18% chrome for durability and protection against corrosion, and 10% nickel for lustre and resistance to high temperatures. The knife blades contain 13% chrome and no nickel, ensuring a longer lasting, sharper edge;
- The porcelain part is A-grade white porcelain;
- 100% dishwasher-safe, food-safe, excluding enamel elements;
- Before the first use wash in lukewarm soapy water, rinse and dry thoroughly with a soft towel;
- Wash separately from silver and sterling silver plated cutlery - any contact while wet can result in a chemical reaction that can damage the silver;
- Always rinse your cutlery before placing it in the dishwasher; prolonged contact with certain consumables, e.g. salt, vinegar, eggs, tomato and certain acids, can cause pitting and staining;
- A higher chromium content gives stainless steel knife blades the necessary sharper edge: however, this also makes them more susceptible to corrosion. Please take extra care with these implements;
- Never leave stainless steel cutlery to soak or in damp conditions as this can cause staining which will require polishing to remove;
- To restore the cutlery's shine and to remove any staining use stainless steel polish and a soft dry cloth;
- Don't use abrasive detergents;
- Cutlery with enamelled elements are food proof but not dishwasher safe, so handwash only.

KITCHEN-, TABLE- & HOME TEXTILES

- Please wash textiles the first time seperately. Follow the general cleaning and care instructions of the care label at each product.

WOODEN PRODUCTS

- Wooden bowls and plates need special care to prevent warping and cracking. Wood is porous and it absorbs moisture. When it dries out, the wood may get rough;
- Wipe wood immediately after use with a sponge or paper towel moistened in cold water. Make sure it dries properly and completely before storage. In drying pro cess it is suggested to air dry, not under direct sun;
- If the item is very dirty, wash it with washing detergent and a soft sponge, afterwards clean with moistened towel. Let it dry properly before storage;
- Do not let it soak in water and never put it in the dishwasher;
- Our wooden products are handcrafted. Variations in size, finish and color may occur.

All Pip Studio products are produced and tested according to the actual EU standards, rules and regulations. Test reports available on request.
