INTRODUCING FABIENNE CHAPOT

Fabienne Chapot is an Amsterdam-based fashion label, named after the founder and CEO of the brand. This eponymous brand has been making waves since 2016's first ready-to-wear line came out and is one of Amsterdam's most talked about fashion labels.
The brand's boldly feminine signature style is an outspoken, but highly feminine mix of colours, prints and imaginative details.

We are excited to extend our DNA even further onto the home & gift collection.
The newly added zebra stripes and cheetah spots prints add extra thrill to an already wildly captivating home collection. We proudly present 'Animaux de Cuisine'.

ANIMAUX DE CUISINE

The Animaux de Cuisine collection, designed by Fabienne Chapot, comes from a world where the colours are deeper and richer, where the prints are intricate and almost alive… Bit by bit the animals secretly make their way into the kitchen. Time to flirt with the tableware. In the cupboard, the plates are clattering with excitement. A tiny sardine starts grooving its tail. A lobster jumps out and crawls on to the cold kitchen tiles, making a rhythm with its claws. The breakfast bowls cannot wait to get the celebration started. And in comes a horde of zebra's, a pelican head bumping with the lamp, the cheetah tiptoeing around it all, a party erupting on the kitchen table.

The collection comprises of a beautiful mix of handpainted designs on porcelain, which you can collect and mix as you like. The Animaux de Cuisine collection also includes glassware, table- and kitchen textiles, home textiles and gift stationery.
